

Required Textbooks & Materials

Below are the books and materials required for the current semester. It is absolutely critical to have the exact books and materials when classes begin, to ensure your success as a student. Be sure to present the appropriate ISBN when purchasing course materials. Please pay attention to any special instructions listed under required course materials, as some courses may require specific software modules.

Prices and materials are subject to change without notice and shipping is not included. Books and materials may be purchased as a full set (all books and materials listed) or à la carte (by the book). Certain courses require the purchase of a full set of books.

Electronic Course Packs

Electronic Courses Packs may contain articles and case studies that are offered through the MSU Library in D2L courses. They may or may not be used in courses. Please go to the materials section in the course to determine if a course pack will be used and if there will be a cost associated to it.
